Bill,

I spoke with Sarah Flanagan and Frances Zizila from EPA after getting off the telephone with you. There are some reasons that Ray Basso may not be the best person, in part, because he was not involved with the Diamond Alkali Site from 1994 to 2002. We suggest we all talk next week to discuss what person or documents may be helpful. Once determining that, we will evaluate whether and how we can be of assistance.

We propose a conference call Tuesday, February 21 at 3 p.m. If that time does not work, please suggest alternatives.

David

Subject: MAXUS

David and Don --

I'd like to introduce you to my partner Bill Gussman and colleague Kim Phillips who are working with us on the MAXUS matter. As part of our ongoing diligence on behalf of the Creditors Committee we have learned of a recently retired EPA employee who had extensive knowledge and involvement in the Passaic River superfund site. His name is Ray Basso and we'd like to see interview him. Would it be possible for Bill and Kim to speak with you on this matter? Please let us know as soon as possible.

Thanks

Adam
